NAKUL AHIRE

3D Design and Animation

SUMMARY

I am a creative 3D Designer and Animator specializing in immersive brand environments, from large-scale corporate events and exhibition stalls to cutting-edge metaverse projects. With a B.Sc. in IT, I blend technical precision with high-end aesthetics to transform retail and event spaces into engaging 3D experiences. Driven by continuous learning and emerging tech, I focus on pushing the boundaries of how brands connect with their audiences in both physical and digital realms.

EDUCATION

- **2023**

  Mulund College of Commerce
  BSc.IT - 6.68 CGPA

- **2020**

  12th - HSC
  Science - 49.54 %

- **2018**

  10th - SSC
  73.20 %

WORK EXPERIENCE

3D and Animation Designer

(FlowChart retail conceltency | Nov 2024 - Nov 2025)

- Creative and versatile 3D Designer & Animator with hands-on experience in designing and visualizing retail spaces such as kiosks, airport stores, and mall stores. Skilled in producing high-quality 3D animations, walkthroughs, and interactive presentations to help clients visualize concepts. Adept at bridging design and technology, bringing a technical background to streamline workflows, troubleshoot issues, and support innovative solutions—including developing interactive experiences and simple games for client engagement. Known for delivering visually compelling, functional designs on time and collaborating effectively with cross-disciplinary teams.

3D Designer

(We are Copious Events | Nov 2025 - Present)

- 3D visualization and structural design for high-scale corporate events and bespoke exhibition stalls. I specialize in creating high-fidelity renders and technical construction drawings that bridge the gap between creative concepts and physical fabrication.

SKILLS

- 3Ds Max
- Blender
- Unity 3D
- Unreal Engine
- HTML
- CSS
- Photoshop
- Adobe illustrator
